EYESITE PRO180

SAFE SITE USA

EYE-SITE PRO
SMART SURVEILLANCE

Common Applications

- **Construction sites:** Advanced monitoring with detailed analytics for safety and security.
- **Corporate offices:** Enhanced access tracking and activity alerts.
- **Warehouses:** In-depth analytics for movement and activity monitoring.
- **Event venues:** Comprehensive oversight with real-time notifications.
- **Parking lots:** Improved detection of unauthorized access and vehicle monitoring
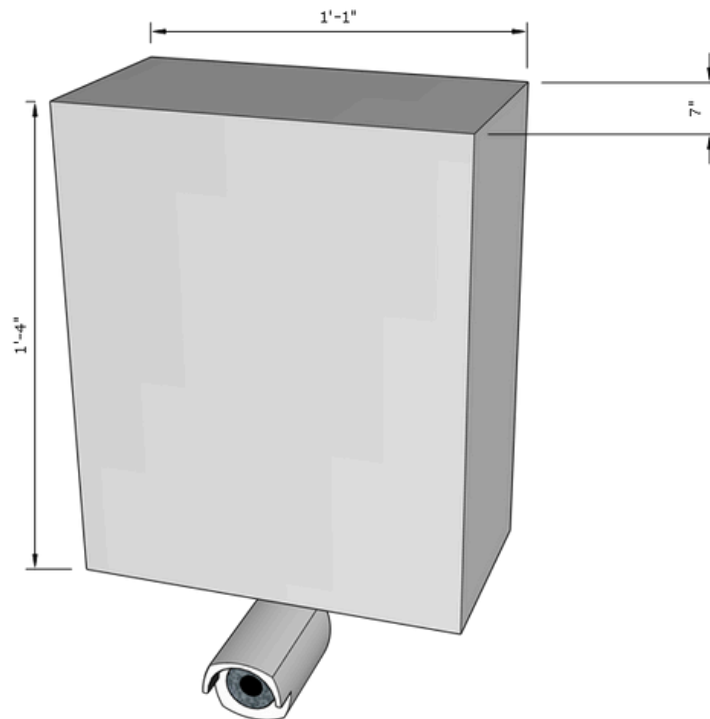

Eye-Site Pro builds on the capabilities of Eye-Site with a true in-depth analytical system, offering enhanced alerts and advanced features for greater security and insight. Its advanced analytics provide actionable data, enabling smarter decision-making and improved monitoring. It's designed for seamless installation indoors or outdoors, with flexible power options and optional cellular connectivity, ensuring adaptability to various environments and needs.
